

Zulu 3 ANR Headset

Text Creatives:

"Zulu 3 ANR Headset with Bluetooth – the most comfortable, most durable headset Lightspeed has ever made."

Text Creatives (Bullets):

Zulu 3:

- **Lightspeed Performance**
 - Award-winning Active noise cancellation (ANR)
 - Zulu preferred 3 to 1
 - Industry best 7-year warranty
- **Lightspeed Comfort**
 - Performance ear seals – are tapered to provide a more natural fit, for greater comfort and stability
 - Larger cup cavity – provides 50% more space for your ears, allowing the entire ear to fit comfortably inside, while preventing the pain caused by seals pressing against the edge of the ear
 - Low-profile – stainless steel headband follows the curve of the head for more comfortable distribution of weight and side pressure.
- **Lightspeed Durability**
 - Kevlar reinforced braided cables deliver more strength and flexibility with less weight than standard cables
 - Magnesium ear cups – strong and light. Delivering superior high-frequency noise attenuation
- **Lightspeed Clarity**
 - Dual Aperture Disc microphone – provides greater noise cancellation for clearer, more intelligible communications
 - Exclusive, user-adjustable mic gain
 - Front Row Center (FRC) stereo cross-feed technology – speakers deliver crisp, rich audio and unparalleled music fidelity.
- **Zulu 3 is packed with features**
 - Bluetooth Connectivity
 - FlightLink Compatible
 - Cell phone/music connection
 - Auto Shutoff
 - ComPriority
 - 60-day money back guarantee
 - 7-year limited warranty

- Includes carrying case, cell phone/music patch cord, cord clips, two AA batteries, foam windscreen
-
